

JINDAL STAINLESS OFFERS 3 DAY PROGRAM ON STAINLESS STEEL FOR B-TECH STUDENTS

OPJU has collaborated with Jindal Stainless Ltd (JSL) to bridge the gap between the academic learning and industry needs. The programme was initiated under the leadership of Dr Siddharth Chakrabarty and Dr Ashok Shrivastava.

OP Jindal University, Raigarh is the only private University which caters to the needs of steel Industry is excited to announce its collaboration with Jindal stainless steel (JSL).

The workshop was organized in association with JSL and decided to include the course on "Introduction to stainless steel" for the B-Tech final year students. The workshop was conducted for the period of 3 days that is 21st -23rd August, 2018 at OPJU campus. About 25 students from Metallurgical & Material Department and 15 students from Mechanical Engineering Department have been selected for the participation in workshop and among them the selected students will get an opportunity of practical training at JSL plant at Jajpur and Hisar.

The workshop was conducted by JSL Technical team consisting of Prof.(Dr) S. K. Ray, Ex Steel Chair Professor, IIT Madras, Technical Advisor, JSL, Mr. Ranit Rana, DGM, Product and Market Development and Mr. Ashish Kumar Agrawal, Senior Manager, R & D. Its Objective was to make the students aware of various types, Importance, processing, manufacturing and application of stainless steel.

The University is also focusing on providing practical knowledge to the students by establishing an "Experiential Learning Centre" with an aim to make the students aware of the importance of Stainless Steel in routine life.

The session ended with the series of Question and answer and was Indeed Impressive. All in all the event went of very well and was appreciated by all the participants present there. With the success of this event the students are looking forward for more such events In future.
