

## MBA FOR WORKING PROFESSIONALS SCHOOL OF MANAGEMENT

Creating a new  
benchmark in  
quality education

# OP JINDAL UNIVERSITY

INFORMATION BROCHURE

Pursuit of knowledge through first-hand experience is the cornerstone of OP Jindal University. We aim to build an institution where students learn by doing, where real world challenges find practical solutions and innovation happens not by chance, but by design. It is an attempt to make world class education accessible to deserving students both in metros and in smaller towns of India. Through its modern infrastructure, multi-disciplinary programmes and enriching campus life — the university will create the best leaders not only for India but also for the world.

Shri Naveen Jindal

*Chairman, Jindal Steel and Power Ltd.*

## Supported by one of India's most dynamic business groups

### OP JINDAL GROUP

OP Jindal Group has emerged as one of India's most dynamic business groups employing 50,000 people with manufacturing facilities across US, UK, India, Middle East, Indonesia and Australia. The group's motto has been 'growth with a social conscience'. At the heart of the group strategy is its commitment to sustainable development.

OP Jindal University has been established under

the aegis of the Jindal Education and Welfare Society. Other higher education initiatives of the society include OP Jindal Global University, OP Jindal Community College and Jindal Institute of Power Technology.

The close proximity of the Group's operations provide the students of the Schools of Engineering and Management with unique access to real-life projects and mentorship of senior professionals from industry.

# Putting Chhattisgarh on the Global Education Map

## OP Jindal University

Founded by the Jindal Education and Welfare Society, OP Jindal University (OPJU) aims to develop young professionals and future leaders who will not only power growth and development in the state, but also make a mark globally.

At the core of the university's philosophy and approach lies the belief that students learn best when exposed to real world situations and enriching interactions with practitioners and professors.

We at OPJU believe that every student has innate potential that can be unlocked through quality teaching and mentorship.

OPJU was established by an Act of Legislature in the state assembly of Chhattisgarh in 2014.

विद्यि परिप्रश्नेन

*to gain knowledge and  
understanding by appreciative enquiry*

*Our University recognises that every student is unique and provides a nurturing and stimulating environment to bring out the best in each student.*

Dr Prabhu Aggarwal  
Vice Chancellor

# The OPJU MBA Program for Working Professionals

The MBA program for working professionals is a unique program designed for the lifelong learner in the early part of their career, who wants to continuously upgrade his/her skills, remain relevant, but cannot afford to give up his current state of employment. The curriculum and teaching pedagogy is focused towards the people with experience, with a case based methodology allowing an environment of rich interactions in the classroom amongst faculty, peers, and industry experts.

# Advanced Learning Infrastructure

Learning is not confined to lecture rooms. Rather, a keen student is always experimenting and observing the world around. Advances in technology allow us to bring the best learning experience into classrooms.

At OPJU, students can experience learning infrastructure, that is unparalleled in the region, including:

- Intelligent Systems Lab supported by Intel

- Live classrooms and CISCO tele-presence to enable faculty from other premium institutions around the world to teach OPJU students
- 3-D virtual learning laboratories to promote learning
- Digital library and online lecture resources accessible to students any where and any time
- 100% hi-speed Wi-Fi enabled campus
- Advanced labs in metallurgy, machining and mechanical simulation, robotics, mobile app development, wind-tunnel, etc.

## Global Knowledge Partners

We have forged global partnerships for student and faculty exchange, research and curriculum collaboration, and continue to expand in other areas.

- Colorado School of Mines, USA
- Changwan National University, South Korea
- Hampton University, USA
- i-Nurture Education, India
- Intel Corporation, India
- University of Texas, Dallas, USA
