

Department of Mechanical Engineering
in association with

Institution's Innovation Council (Ministry of HRD Initiative)
and OPJU Innovation Centre

organizes

Innovative Project Competition

Fabrication / Simulation / Conceptual design

About Competition

- Teams have to showcase their innovative projects
- Teams have to submit one-page abstract about project consisting of title of project, introduction, objectives, methodology and findings.
- The abstracts will be shortlisted on the basis of innovation, technicality and usefulness to the industry/ society.
- The shortlisted teams will be informed to showcase their project during the finale in an online mode .
- Participation certificate will be provided to all the registered students.

Best projects will be awarded under both the categories:

B. TECH (8TH SEMESTER)

First Prize: 3500/- cash prize + Certificate + Incubation support
Second Prize: 2500/- cash prize + certificate
